EDUCATION

Automated Robotics Engineering Technology, A.A.S. Hennepin
Technical College - Eden Prairie, MN | May 2017

Fluid Power Engineering, A.A.S.
Hennepin Technical College - Brooklyn Park & Eden Prairie, MN | May 2019

CERTIFICATIONS

- ✎ **Certified Fluid Power Specialist**
International Fluid Power Society | Dec 2019
Hydraulic, Electronic Controls, Pneumatic
 - ✎ **PMMI Mechatronics Certification**
The Association for Packaging and Processing Technologies | Aug 2018 *Capstone of all Tier 1 certifications*
 - ✎ **IPC-A-610 Certification**
Acceptability of Electronics Assemblies | Assn Connecting Electronics Industries | 2018
-

PROFESSIONAL EXPERIENCE

SCADA, PLC and HMI Technician
NIKA Solutions – Kodiak, AK | April 2025 – April 2026

- Managed Scada Network and process controls for Water Treatment, Wastewater Treatment and Steam Plant on the Coast Guard base and nearby communities.

PLC Engineer
Hydro – The Dalles, OR | Jun 2023 – Sept 2023

- Worked on the startup of a new production line.

Electrical and Hydraulic Engineer
Serco Loaders – Two Harbors, MN | Aug 2022 – Mar 2023

- Converted control programs from IQAN to CODESYS.

- Received SolidWorks Electrical training and utilized SolidWorks Mechanical.

Automation Engineer

Knobelsdorff – Eagan, MN | Sept 2021 – July 2022

- Studied and implemented Ignition software.
- Provided troubleshooting and repair support for automated systems, utilizing Studio 5000.

Automation Technician

Phillips Medisize – Hudson, WI | Jun 2019 – Aug 2021

- Completed equipment software qualifications and SCADA device installations on new lines.
- Integrated SCADA systems with GE Prophecy-Historian and provided training to teams on troubleshooting and servo replacement.
- Provided on-call support for plant startups.

Electrical and Instrumentation Intern

GAF – Minneapolis, MN | Apr 2018 – Apr 2019

- ↯ Troubleshoot downtime issues using STEP 7, RS5000, and Wonderware Historian.
- ↯ Installed line upgrades to improve roofing shingle production reliability.

Hydraulic Test Intern

Eaton – Eden Prairie, MN | Nov 2017 – Apr 2018

- ↯ Conducted hydraulic system testing and assisted in system upgrades.

MANUFACTURING EXPERIENCE

Manufacturing Technician II

Boston Scientific Corporation – Maple Grove, MN | Jun 2015 – Oct 2017

- ↯ Provided technical support for manufacturing processes.

Technician

Procter & Gamble – Bear River City, UT | 2012 – 2015

- ↯ Assisted in manufacturing operations and troubleshooting.
-

R&D EXPERIENCE

R&D Technician III

General Mills – Minneapolis, MN | 1996 – 2012

- Held various roles, including Pilot Plant Technician, Product Development Technician for Nature Valley, and Process Development Technician across different business units.
 - Collaborated with company fellows on high-impact R&D projects.
-

KEY SKILLS

- PLC Programming: Studio 5000, STEP 7, CODESYS
 - Automation Software: Ignition, SCADA, GE Prophecy-Historian
 - Electrical Design: SolidWorks Electrical, SolidWorks Mechanical
 - Hydraulic and Pneumatic Systems
 - Troubleshooting and Maintenance of Automated Systems
 - Continuous Process Improvement
-

AWARDS

- Recognized by industry-leading organizations for contributions across multiple arenas.
